

K&A FLOORING IS OUR NEWEST PARTNER

CHF BC followed a rigorous selection process to select our new partner. We identified five credible candidates in order to ensure that the chosen program partners give members the best quality product, service and price.

Because we've researched and identified the best options, members that work with a Flooring Program partner are not obliged to follow CMHC's three-quote requirement for capital replacements.

Flooring Program doubles capacity with both CD Contract and K&A Flooring

Since 1999, CD Contract has been CHF BC's flooring partner and will continue with the program. CHF BC is pleased to welcome a second partner, K&A Flooring.

CHF BC welcomes second partner to its Flooring Program

Beginning August 1, CHF BC members in the Lower Mainland and Fraser Valley can now choose from two flooring suppliers.

Our members buy more than \$1 million a year in flooring product in our group buying program. Now the program offers you more choice. We've doubled our capacity and improved our turnaround time so members won't have to wait to meet their flooring needs.

Here's how it works:

- Call **CHF BC Flooring** at **604-323-2027** or email **flooring@chf.bc.ca**.
- Choose one of two suppliers (check who's available when you need work done)
- CHF BC will set up the initial estimate meeting with your chosen supplier.
- The co-op will receive an estimate for the work.
- Once the co-op signs off on the estimate, work is scheduled and completed.
- Estimates are converted to invoices.
- Once the work is completed, the co-op is invoiced.
- Co-op pays for the work and gives feedback on the project (if any) to CHF BC.

***CHF BC's
Flooring Program
offers member
co-ops a wide
range of products
at exceptional
prices.***
