

CHF BC'S CABINETS AND COUNTERTOPS

***CHF BC's Group
Buying Program:
quality products and
service for members at
great prices!***

New options: plywood box cabinets, soft-close maple shaker doors, and quartz countertops.

CHF BC's bold new cabinet and countertops program offers members more choice. "Members wanted a higher-end option for their cabinets and countertops in our program, and AMSD fits the bill," says Arnold Sang, Commercial Services Director.

Members now get more cabinet and countertop options plus the peace of mind that comes with CHF BC's Group Buying Program.

"Not only do you get higher quality options, but you can count on great service and big discounts."

AMSD Contracting is a group buying partner with CHF BC that offers

members more options for cabinets and countertops. Members can choose from high-pressure laminate or quartz countertops. For cabinets they get the option of a new line of Lectus cabinets through Merit Kitchens. All this plus our usual great discounts, warranties and peace of mind that you can bring any concerns to us not the supplier.

CHF BC welcomes AMSD Contracting as our new cabinets and countertops group buying partner, with more choices for your co-ops' needs.

- 5-year limited product warranty on select items
- 2-year labour warranty (double industry standard)
- the more you use the programs, the better deals for everyone.

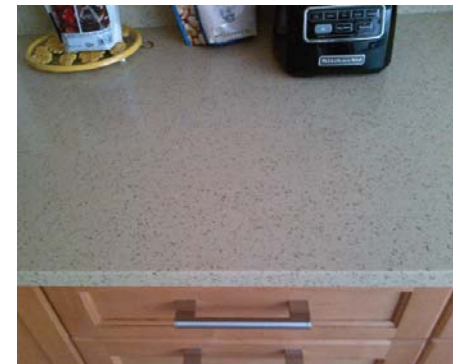

For the best value and price for your co-op contact 604-323-2027 or cabinets@chf.bc.ca for a quote.

FOUR SOLID REASONS TO USE THE PROGRAM

There are some great reasons your co-op will want to use CHF BC's new Cabinets and Countertops Program. Here are four of them:

- 1. Why did we change the program?** You told us your co-ops wanted more options for cabinets and countertops with the same good pricing. Now member co-ops can choose the best quality and price for their co-ops' cabinets and countertops to match their budgets.
- 2. What are the new cabinet options?** Lectus cabinets from Merit Kitchens offer more durable plywood boxes with soft closing slide drawers and adjustable legs plus shaker-style maple cabinets with soft-closing doors in an array of colours. The retail value for a standard 10' x 10' kitchen would be \$8,000 — with our program it's only \$5,000.
- 3. What are the new countertop options?** AMSD Contracting can install long-lasting durable and attractive quartz countertops at prices exclusive to our program.
- 4. What if our co-op can't afford those prices?** For more limited budgets, we still offer quality cabinets with melamine boxes and thermofoil doors. Retail value would be \$6,500 and our members pay only \$4,000. And co-ops can still choose high-pressure laminate countertops Or mix-and-match cabinets and countertops. No matter what you choose, AMSD Contracting specializes in making maximum use of tight spaces.
