## Call for Nominations: CHF BC's Century of Co-operation Awards

CHF BC's Aging in Place Committee is seeking nominations for the Century of Co-operation Awards.

Members living in a CHF BC member co-op will be eligible if their years of age plus the length of time living in co-op housing adds up to 100 or more. Members who have already received this award are not eligible.

Are you or do you know a potential candidate who would be eligible for this honour?

**Here's how to calculate if you or another member would qualify for this award:**

Member's age + length of time living in co-op housing (current co-op or other co-op) = 100.

For example, an 80 year old who has lived in co-op housing for 20 years qualifies with an even 100 years. Complete and return this form by **September 14, 2020** (please print):
