

# Free energy-saving upgrades for co-ops

Help your co-op save money and increase the comfort of your homes.

## The Energy Conservation Assistance Program (ECAP)

provides members of qualified non-profit housing co-operatives with **FREE** home energy assessments and installations of energy-saving products, which may include:

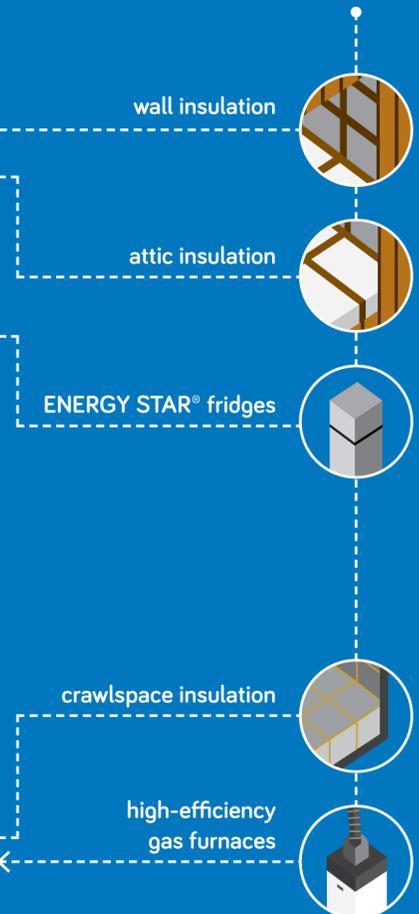

energy-saving light bulbs

water-saving showerheads

water-saving faucet aerators

door weather-stripping

Townhome co-ops may even qualify for:

wall insulation

attic insulation

ENERGY STAR® fridges

crawlspace insulation

high-efficiency gas furnaces

*I was extremely impressed with BC Hydro and FortisBC's ECAP... from the very first contact with the program, I felt that they cared and wanted to help our housing co-op.*

Lisa,  
Friendship Co-op

Related programs may help apartment co-ops benefit from high-efficiency boilers.

## This offer is FREE and easy to take part in!

A trained evaluator will install the products and answer any energy efficiency questions you may have, saving you time and money, and increasing the comfort of your home. Get started today! Visit [bchydro.com/ecap](http://bchydro.com/ecap) or call the approved ECAP contractor at 1-855-560-3227.

We're working together to help B.C. save energy.

Supports co-ops and co-op members to find ways to save energy and reduce waste.
