

SMALL IS BEAUTIFUL: SMALLER CO-OPS MEET-UP

SAVE THE DATE!
Saturday, January 25, 2020,
Kitsilano Neighbourhood House
10:00 am to 3:00 pm

What makes smaller co-ops (co-ops with 25 homes or less) special? What are some of their challenges? CHF BC is organizing an event to bring smaller co-ops in your area together to network with each other, discuss common issues and learn about how CHF BC can better support your communities.

Plan for the day:

- A short presentation from CHF BC staff on resources and services
- A facilitated discussion about smaller co-ops, including what members see as the most pressing challenges for their co-ops, as well as the opportunities and benefits of living in smaller co-ops.
- A short workshop (we will survey registrants in advance to find the most popular topic)
- Neighbourhood Co-op Tour! (Bring comfortable shoes!)

CHF BC will provide a light lunch and refreshments. The meeting space can accommodate up to 30 people so please register early! Only those who register in advance will be eligible for door prizes.
