

Member's COVID-19 Pre-screening Assessment

The following questions are designed to assess risk factors associated with COVID-19 virus. If you intend to stay in your unit during the installation, please fill out the questionnaire. The questions are based on the Provincial Health Officer orders. The flooring or cabinet installation will not be performed on the scheduled date if there any safety issues identified during the pre-screening assessment. The installation or measurement will be scheduled on a later date.

Have you come into close contact (within 6 feet) with someone who has a laboratory confirmed COVID-19 diagnosis in the past 14 days?

Yes No

Do you provide care or have close contact with a person with confirmed COVID-19?

Yes No

Do you have any of the following: severe difficulty breathing, chest pain, shortness of breath, cold or flu like symptoms?

Yes No

Have you traveled outside of Canada within the last 14 days?

Yes No
