# Your personal emergency response service.

**LivingWell Companion** enables  
independent living at home  
or on the go.

## How it works:

- Get 24/7 access to help with available fall detection or with a simple push of a button.
- Trained operators will talk to you through your device or base station speaker.
- If you can't be reached, trained operators will call the emergency contacts provided.
- If required, an ambulance will be dispatched and the medical information you provided will be relayed to Emergency Medical Services.
